DOMINION CONVENTION PROPHECIES FROM REV. MOYO AKIN-OJO DAY 1 SESSION 2

- This year 2023 is our best year yet!

INCREASE AND DOMINION

- God is increasing us more and more this year. He is causing our voices to go across the seas, and He is causing our voice to swallow the city.

WEALTH AND ABUNDANCE

- God is giving us abundance of corn and wine.
- It is a year of gathering for us. We are gathering resources like never before.
- Ravens are coming from the east. The man that executes His words from the far country. We are gathering like never before.

INFLUENCE

- In this land, God is causing a generation to gather around us, for His word is in our mouth.

SPIRITUAL TRANSFORMATIONS AND VICTORY

- A spirit of double vision is judged. That double vision is distraction. That spirit is being judged. Now, there is a single eye- singleness of purpose with power.
- God is changing garments soiled with shame. Everyone is wearing new garments. The angel of the Lord is changing the garments.
- The hawk that swoops in on families (the spirit of death) is cut off. That hawk of wickedness is cut off.
- The stars over our heads are changing.
- All the rods working against us are swallowed up now by the rod of God.

- The angel of the Lord is touching our tongue with a coal of fire. That thing that has attacked our voice is shattered now. It is burnt. Fluency of speech. Eloquence of speech. Bold speaking. Utterance has come.
- Every wall that is out against us is driven into the ground never to rise up again.
- We are running through troops. We are leaping over walls. God has made our hands with the strength of a bow. We are harvesting. God is lifting our hands in victory.
- Our voice is set free now. God will thicken our voice. Every attack on utterance is an attack on our destiny- God is changing it from Dominion Convention.
- Every force, every hold of darkness, every spirit, every word stamped against us, against our destiny is broken. Miracle fire!
- We are singing songs of deliverance.
- The spirit of death is broken over our families. That spirit of death is judged. No hiding space!

HEALING AND WORKINGS OF MIRACLES

- Organs in the body are being replaced. The miracle working power of God has come.
- They told us it is cancer; God is turning it into a miracle ministry.
- They said diabetes will kill him, but God is turning it to a healing ministry. They said we are going down; God is turning us into a multimillionaire. All by the mercy of God.
- God's mercy is speaking for us, in our marriages, in our relationships, in our academics. God is overruling handwritings against us and turning things to favour us.
- Miracle fire is reaching into the belly and plucking out fibroid. Miracle fire!

DIVINE HELP AND ADVANCEMENT

- For someone: That thing you need is across the seas. The Lord is stretching your hand across the sea and you are laying hold on that thing and bringing it back here.
- In this year of forceful advancement, we will move forward by force. We will advance by force. We are an invading army, an unstoppable army, an army that cannot be surmounted, an indefatigable army and we are running through the land by His Spirit, and we are bringing glory to His name.
- The anointing is removing heavy burdens.
- When they say that it is finished for us, God will turn it around into the seed of our lifting.

THE MERCY OF GOD

- The mercy of God is speaking for us. We are candidates of God's mercy in this season. Mercy for us, our families, our jobs, our destinies, our bodies.

SPIRITUAL STATURE

- People whose voices have been heavy, the Lord is giving them the spirit of grace and supplication. They are praying like they have never prayed before; lightness is coming upon them. Now, their voices thunder in the realm of the spirit.
