DOMINION CONVENTION PROPHECIES FROM REV. MOYO AKIN-OJO DAY 2

SESSION 1

PROSPERITY AND STRATEGIC POSITIONING

- The Lord will fill our thirst.
- This year is a strategic year for The Standing Church and God is increasing us as a commission. God is also doing the same for us individually.
- This year will be a year of breaking forth, breaking out and breaking through for us.
- Somebody with a car key standing by a car- either this is that somebody is getting a car or a transport company: Everyone that this word is sent to, the process that moves them from Jacob into Israel, rests upon them. The processes of the Spirit, the open gates of the Spirit, the breath of the Spirit to make this word come to pass, to mine it to the fullest, rests upon them.
- Many of us this year, God is pursuing us. His goodness and His mercies are in hot pursuit of us.
- We are enjoying water from the well of salvation.
- Our legs are inside oil. God has put our right leg inside oil in Dominion Convention 2023. This oil is wealth. God has put our right leg inside it.

UNENDING VICTORY AND DELIVERANCE

- Somebody that has been plucked out of wickedness. This is as a brand that has been plucked out of fire (Zechariah 3:2), and this wickedness is the wickedness of poverty. The Lord has plucked that person out. The Lord is bringing new fire to swallow up that fire of poverty and change things for that person's family.
- Every source of poverty that is sponsored by hell right now is broken!
- Lift up the feeble hands and make straight path for your feet lest that which is lame be turned out of the way- some of us have found it hard to pray meanwhile it is a ploy of the devil to get such people out of destiny's path. It is not because of their faults, it is discouragement, pressure but the Lord says He is lifting up our hands in victory again. He is giving us a song in the night, and He is causing our feet to be straightened out and we are jumping for joy.
- Our hands are lifted again. Our legs are straightened.

- We are drinking from the well of salvation. We will drink of its fill this year.

LONGEVITY AND HEALING

- God is adding years to the life of somebody. He said we will come down to the grave in due season like a shock of corn comes in its season (Job 5:26).
- The attacks of the devil trying to cut our lives are stopped forever.
- We are living a century. All those attacks on our families, on our siblings, on our parents, on our lives that seem as if we (or they) will not see 30 or 40 are over. With long life, God is satisfying us, and showing us His salvation.
- Kneecap problems are healed. Miracle fire!
- Healing has come like a river. Jesus Christ makes us whole. All legs are healed; knees are pain free.

LIFTING AND ANGELIC ASSISTANCE

- The angel of the Lord is lifting our hands. We are not even making any attempt, but he lifts up our hands and he is pulling us up. He is pulling us up. Our two hands are up. He is pulling us up, and when it starts happening, it will be as if we are being stretched out of measure. It will be like punishment but, by the time our hands are relaxed, and our feet finds their place, we will see that we have gone far higher than we would have gone by ourselves.
- The lifting power of God is picking us and flinging us. We are carried by the whirlwind of God's Spirit to a place where we can hardly imagine.
- New seasons! We have been brought into our new seasons. The cloud of darkness has lifted off us, pierced and blasted by the light of God's Spirit.
- We are rising into our new seasons. We are rising into a new season of power, a new season of glory, a new season of wealth, a new season of authority.
- Explosions! Explosions! Explosions!
- When before, we will have to fetch 3 times to fill a bucket, now at once, we are filling a tanker.
- This year, God will cause us to ascend our thrones and we will sit down comfortably on those thrones.

RESTORATION

- In 2023, the Lord is restoring the years that the cankerworm and the palmerworm have eaten, and God is putting a garment over us, a garment of restoration and of speed. For that garment is bestowing upon us, authority. That garment is bringing restoration. That garment is bringing acceleration and speed upon us.
- God is causing us to run and outrun the chariots of the king. People that have seemed to run ahead of us, God is causing us to overtake them. The events that have seemed to have overtaken us in previous years, God is causing us, not only to overtake them, but they are under our feet now.
- Honour! Honour! Honour! God's honour has landed upon us.

PERCEPTIONS AND LEADINGS OF THE SPIRIT

- Our perceptions are getting stronger. The perceptions of the spirit are getting stronger for us and this way, God will lead our hearts into victory. We will hear a voice behind us saying, "This is the way, walk in it". God will show which way we should go. Our lives will be saved, and our destinies delivered.
