DOMINION CONVENTION PROPHECIES FROM PASTOR TARA AKINKUADE DAY 1 SESSION 1

DIVINE LIFTINGS AND SPEED

- There are many encounters for us, we are taking flights, we are moving up and we are outrunning the chariots of the kings.
- The things that have taken a long time to happen in our lives, will begin to happen.
- On the mountain of Dominion Convention, we have received lifting encounters that are turning our lives around, that will lift us up. Suddenly, God is catapulting us and lifting us.
- We are rejoicing at all our testimonies because God's lifting power has come upon us. God's mighty hand is upholding us.
- God is raising us up to rule in the midst of our enemies. The hand of God has come upon us, and the lifting power of God is upon us.
- Sudden turnarounds, remarkable takeovers, amazing restorations- that is what God is doing for us.
- Anything that has been contending with our promotions is broken. Offices are answering to us. The lifting power of God is planting us in the centre of the earth.
- God's lifting power is pushing us into corridors of power.

REVELATION GRACE AND ENCOUNTERS

- The mountain of the house of the Lord is exalted above all mountains and people are flowing into it.
- Our eyes have become opened from Dominion Convention, our ears are opened continuously, and our hearts are opened to grab the things of God with ease.
- We have been brought up into the plane of encounters of the Godkind.
- Seeing eyes, hearing ears. Our ears are opened. Prophetic insight.
- The heavens are opened, and we are having encounters for our lifting. We are entering into the corridors of power by them.
- Our receptacles for encounters have opened up. We are seeing clearly and hearing clearly.

- We have entered into encounters of divine healing and the spirit of infirmity has lost its hold on us.

WEALTH AND GENERATIONAL ESTABLISHMENT IN THE SECTORS

- Organisations are rising from here. We are having encounters of wisdom. We are building something that will outlast us, something that will outrun the chariots of the king.
- Wealth is entering into our hands.
- Our hands are on the plough of the systems, and new civilizations are coming out of us.
- God is raising Prime Ministers from among us. We are planted in the centre of the earth for influence.
- God is raising an army of covenant princes.
- We are entering into places of influence.
- People that will rule sectors of this nation this year are from here. Our names are appearing on BBC, Fox News, Aljazeera for good things. We will put this nation on the map of the world for good.

FULFILMENT OF PROPHECIES AND DIVINE TURNAROUNDS

- All the words that have been spoken over us, we are seeing them come to pass, we will handle our miracles and hold our testimonies. Our lives are taking a turnaround for good.
- Strandedness has become a thing of the past. Our lives have turned around. It is the time for expansion and explosion.
- We are running into our miracles; we are running into our breakthroughs. We are running through troops and leaping over walls. Forceful Advancement! We have entered into our miracles.

DIVINE SELECTION AND FAVOUR

- God’s hand has rested upon our businesses.

- Like Esther, we are applying for competitions in the midst of one million people, but the favour of God will lift our heads up.
- Like Daniel, we are entering into strange lands- UK, US or even in Nigeria and then God will make us governors.
- God's favour like a neon sign is landing on our heads.
- We will enter offices this year that people think are impossible. We will get contracts that we have never gotten.
- The stature we need to enter into those places, God is putting it upon us. It is landing on us. We are entering into high places.

DOMINION AND HONOUR

- The thing that is supposed to swallow us up, we are eating it for bread.
- We are reigning over the sectors. The sectors are answering to us.
- Through us, the kingdom of God is established on this earth.
- Fiery crowns of honour are resting upon our heads for rulership, dominion and we are planted in the middle of policy planning in this nation and in the sectors of this earth.
- We are lifted into seats of rulership.
- We are rising as change agents. It is the beginning of a new season. It is the beginning of a new era.
